

¿Tiene Una Mascota?

Kids R Learning - Spanish

## About This eBook

This spanish ebook is a beginning Spanish story made especially for young children learning Spanish.

This ebook will be using the words "Do you have a pet?" in Spanish. The ebook will teach children 8 different animals (pets), there is a cat, dog, rabbit, turtle, mouse, horse, bird and a fish.

Plus after the story, there is a TPR activity, during this activity the child doesn't need to speak; they will just follow along with the person reading to them.

The person reading to them, will show them the page with four animals on it, at the top of the page it will say (señala el gato) the person reading to the children will ask the child "señala el gato" (point at the cat) and after the child points at one of the animals he will turn the page to see if he was correct.

Each page of the TPR activity will ask him to point to one of the animals on the page and then he will turn the page to see if he was correct.

After the TPR activity there are words to a cute song to help teach your child the w words they are learning.

## About eBook - Continued

The song is to the tune of "Are you sleeping". The words are simple and repeated over for each animal to make the song easy to learn.

We also have infant, young toddler, toddler and preschool lesson plans available as PDF files at [www adaycare.com](http://www adaycare.com)

I hope you enjoy the Spanish story, TPR activity and Spanish song; we will be making more Spanish stories for the preschool age group.

We should have preschool Spanish lesson plans coming out in February.
